REMEMBER SENATOR PETER ANDERSON HIS FIFTH APPOINTMENT GOMPERS' IDEA

The time has come when the Negro voter of this city and county should take a decided stand against those who insuit and exploit them at will, and then come back and ask (through the political organization) your vote to help keep them, in power.

If Senator Peter Anderson, who is a candidate for re-election from the Thirty-Gourth District on the Republican Ticket, did by his association, with the so-called O'Fallon Park Protective Association, hault every Negro in the city when he called upon Mayor Kiel to urge the Chief Executive of this city to bar colored picnickers from O'Fallon Park.

As it is, well known that the agitation was started by a few of the Ku Kiux stripe to bar the Negroes from using the park and Senator Anderson joined the crowd to help put it over. This act, on the part of this association, would deny the Negroes of the city the rights of clitzens, and the very fact that Senator Anderson joined them, stamps him as a dangerous official and one in whose hands, the common rights of the people cannot be trusted.

Senator Anderson you're dear the common rights of the people cannot be trusted these was conceived in mischief, born in prejudice, and nurtured in the spirit of lawlessness.

We can hardly believe that a man who is supposed to represent all the people in his district could possibly stoop to such actions. We are quite sure that he could not have been representing bis Negro constituents when he joined with the members of an outlaw organization to oppose them.

If there ever was a time for the Negro vote to show some intelligence, it will be November 7th. The name Peter Anderson will appear on the ballot in Wards 1, 2, 3, 18, 19, 20, 21, 22, 32, 32, 32, 37, and 28. The Negro voter in those wards will have a glorious opportunity to render a Real patriotic, loyal service to their race by refusing to vote for Peter Anderson for Sensta. When you are told to "vote'er straight," remember Peter Anderson as an enemy of your race. Remember it was he who would have your churches, Sunday schools and day schools from enjoying an outing in one of the public parks of the city, just because of race prejudice.
